## Announcing the Rampart Group 2017 Mentorship Contest Winner Hope Ramos, Texas A&M University

### Women Helping Women

"Sometimes we all simply need a helping hand.. an experienced and trusted mentor to help us find our way."

~Kathy Leodler,  
FBI Special Agent (Retired)

Congratulations to Hope Ramos for sharing her challenges, aspirations and dreams in a reflective essay contest that led her to become the winner of our Mentorship Program. Hope is working on her Masters Degree at Texas A&M University, Kingsville, TX (TAMUK) and aspires to someday become an FBI Special Agent.

I am delighted to mentor such an aspiring young woman who has such a huge heart for helping those who can't always help themselves. My goal is to lead and guide Hope in every way I possibly can to help her achieve her dreams.

~ Kathy Leodler

### Hope Ramos:

"I've always admired the people who work in law enforcement; I love the idea of people who feel so strongly about justice and protecting others that they dedicate their entire lives to the work. My dream is to work for the FBI's Violent Crimes Against Children International Task Force, or for an anti-human trafficking task force. In my opinion, there is not a more noble or worthy cause than protecting those who cannot protect themselves.

Another goal I have set for myself is to enter a Doctorate program. I love learning, and there is always something new and exciting to learn. Through my work and education, I hope to inspire others to realize their potential and live out their dreams as well.

Ultimately, the purpose of my life is to glorify Christ. I believe that for me there is no better way to do so other than to take care

of others."  
~ Hope Ramos

Special "Thanks" to all the young women at TAMUK who attended the Women's Retreat in March 2017, and to those who entered the Mentorship contest!
